Electronic Waste Service Provider Audit Report

Desco Electronic Recyclers

1. Details of the Audit

The audit carried out by R2E2 at Desco Electronic Recyclers concluded compliance within the electronic waste recycling category. The onsite processes follow all protocols necessary to ensure safe disposal and recycling at their facilities in Kempton Park.

2. Services to R2E2

Desco Electronic Recyclers is a service provider to R2E2, a Producer Responsibility organization. They have all the necessary certifications of compliance such as a waste management licence, IMS Certification- ISO 14001, 9001 AND 45001. Desco provide recycling services and proof of recycling on identified products. Desco has played a key role to ensure compliance on all materials going through the EPR system. They offer collection services nationally as a certified waste transporter. The fulfilment of these aforementioned requirements enables accurate EPR reporting. R2E2 therefore utilises the services of Desco as a fully compliant electronic waste recycler.
